## CAMPAIGN FOR FLEET.

**Pacific Coast Now Organized.**

**Congress Put on Permanent Basis; Gov. Gillett Elected President.**

**Uncle Sam Urged to Keep Battleships on This Side And Increase Army.**

**Rehabilitation of American Merchant Marine Also on Programme.**

[ASSOCIATED PRESS NIGHT REPORT.]  
SAN FRANCISCO, Nov. 18.—The opening gun in what is designed to be an organized campaign by the Pacific Slope to secure a battleship fleet in the Pacific, and an increase in the standing army of twenty-five regiments of infantry, and cavalry and artillery in proportion, and the rehabilitation of the American merchant marine, was fired today when permanent organization of the Pacific Slope Congress was effected.

Steps were also taken toward organizing a Pacific Coast Defense League, which it is hoped by those behind the movement, will extend to the rest of the country and bring about the formation of a National Defense League.

Following the adoption of a constitution for the Pacific Slope Congress, and the election of officers for the ensuing year, the delegates from ten States and Territories of the West adopted resolutions strongly urging the desired increase in military and naval power and the upbuilding of a merchant marine, and adjourned this afternoon.

**ENDS WITH BANQUET.**

The congress came to an end tonight with a brilliant banquet to the delegates at the Palace Hotel, at which 300 covers were laid.

Tomorrow will be given over to excursions to points of interest around the bay.

The congress was in session nearly all day. In the morning, the Committee on Resolutions reported the following resolution calling for an increase in naval and military forces on the coast:

"Resolved: That we respectfully urge the Congress of the United States to take immediate steps to provide suitable naval bases, properly equipped for the use and maintenance of a battleship fleet on the Pacific Coast; and we further respectfully urge that the regular army of the United States be increased by at least twenty-five regiments of infantry and proportionate increase in the field artillery and cavalry, to the end that our fortified harbors may be protected from land attack and the Pacific Coast be thus given a sure guarantee against possible invasion."

A resolution was presented by Senator Newlands, of Nevada, calling for the construction of an auxiliary navy consisting of transports, colliers, scouts, dispatch boats, etc., to support the fighting ships in case of war, such

## CZAR WOULD BURY TOLSTOI.

**Urges Procurator of Synod to Pay Tribute Even if Reconciliation Fails.**

[Associated Press Night Report.]  
ST. PETERSBURG, Nov. 18.—Emperor Nicholas today had an audience with Procurator Linaflov, of the holy synod, to whom he expressed the wish that Count Tolstoi should be buried according to orthodox rite, even if a reconciliation between the venerable man and the church were not effected.

**TOLSTOI HAS A SINKING SPELL.**

**FREQUENTLY LOSTS CONSCIOUSNESS; DOCTORS STILL HOPE.**

Noted Physicians Gather at Bed-side of Distinguished Russian Scholar—Patient's Mind Keen Despite Illness—Church Expects Every Effort to Reconcile Reformer.

[ASSOCIATED PRESS NIGHT REPORT.]  
ASTOROVA (Russia), Nov. 17.—After having remained practically unchanged throughout the day, the condition of Count Leo Tolstoi took an unfavorable turn late this afternoon.

Oxygen was administered, but the patient frequently lost consciousness. Great anxiety was expressed by those at his bedside, but hope has not been abandoned for his ultimate recovery.

Dr. Berkenheim says the case is not hopeless, though no means will avail to relieve the overtaxed heart through periods of unconsciousness.

No detail of the luncheon occasion Tolstoi today he refused Dr. Berkenheim for entering and not greeting him. Again, however, he was in consultation regarding his illness.

"It is not painful," Tolstoi said. "This morning he demanded that someone read him the Russian Bible. He had dictated while in a semi-delirious state last night."

The holy synod is trying by all avenues to approach Tolstoi. Today it ordered an aged monk named Joseph, a friend of Tolstoi's, to converse with the Optina monastery last week, to come to Astorova. Joseph's health, however, did not permit the journey, and the abbot of Optina, accompanied by a monk, came in his stead.

This morning Tolstoi's eldest daughter, Tatiana, was permitted to see her father for a few minutes.

**SEINE FALLS SLIGHTLY.**  
Flood is Expected to Reach High Mark today—Barrages Flooded in Paris.

[ASSOCIATED PRESS NIGHT REPORT.]  
PARIS, Nov. 18.—The River Seine, which fell slightly yesterday, rose again today when the waters that have already flooded the lower sections of the city filtered into the basement of the Foreign Office on the Quay d'Orsay. Objects of value were hastily removed. Unless it continues to rain it is expected the flood will attain its maximum tomorrow, with the gauge at Pont Royal showing a height of 7.10 metres.

The persistence of the high water is causing considerable inconvenience and money loss through the stoppage of traffic on the river and the filtering of the water into the basements of residences as well as the flooding of several streets.

On a visit to a small town, he met an acquaintance of his college days. Naturally the conversation drifted to the lost sweetheart. He feared to ask for her and fears were not unjust. He was told that she had been married off to a man and that she was lost to him.

Sadly he journeyed back to the castle. He worked with all his might to forget and hope that the old wound, which had been freshly opened, would close forever. He stayed several years on the range, gaining the confidence of the ranch owners and amassing considerable wealth.

A year after he returned to Los Angeles, he married the daughter of a well-known southern family. They were blessed with a daughter, who is now 11 years old.

**Billy Hammel Wins His First Love.**

**Will Lead Miss McKiernan of San Jose to Altar on Thanksgiving Day.**

**College Courtship Romance, Thwarted by Fate for Years, Renewed.**

**Separated by Lovers Quarrel, Meet by Chance, Troth Again Plighted.**

[ST. JOSE WIRE TO THE TIMES.]  
SAN JOSE, Nov. 18.—[Exclusive Dispatch.] A romance which has withstood the test of time and a dozen extraordinary tricks of fate will culminate, Thanksgiving Day, when W. A. Hammel, Sheriff of Los Angeles county, marries Miss Kittie McKiernan, of No. 48 North Eighth street, this city.

No writer of fiction or plays could do a prettier love plot than that which has entered the lives of these two persons. A sweetheart's quarrel, letters which went astray, and a wonderful lot of misinformation combined to defeat Dan Cupid's plans, but after more than a score of years he has triumphed.

Every setting of this romance has been picturesque. No element which is needed to complete a complex love story is missing. It includes the pretty girl of wealth and well-known parents, a handsome man who has gained prominence in his own city, and scenes which shift through years from college to the ranges and back to the city and the altar.

To add a touch of color, fate has contrived that the groom should be the last of the truly western sheriffs. He is representative of all that goes to make up this type of a sheriff, which has so entwined itself since the early border days.

A born fighter, yet so tender to those in misfortune that he is brave enough to shed his teeth with them, large of frame and with the never-absent Stetson hat, he truly represents the last of the western peace officers who have left their mark on American civilization.

Handsome and athletic, he was a champion as a young man, and as now is a truly charitable mother, whom the poor all called "mother," came to this city to enter college.

**ASQUITH DODGES MILITANT SUFFRAGETTES BY A HAIR.**

**Premier Flees From Room Before Recognized—Over Hundred Disheveled and Exhausted Women Arrested After Desperate Fight.**

[ASSOCIATED PRESS NIGHT REPORT.]  
LONDON, Nov. 18.—The militant suffragettes re-opened hostilities against the government again today and building 1000 strong to the Parliament marches gave the police a lively fight.

The women, many of whom were placed under arrest, were led by Mrs. Emmeline Pankhurst. The suffragettes had determined if possible to force the police cordon about the House of Lords and reaching Premier Asquith, to insist on the introduction of a woman's suffrage bill.

The police, however, were too strongly entrenched and the women who tried every means in their power to make a few arrests as possible but by 3 o'clock 112 women and two men were in police cells.

**JACKIES CHEER FIGHTERS.**  
A large contingent of American bluejackets from the visiting fleet were among the spectators of the struggle and lustily cheering the combatants, incited them to fresh efforts.

The fight continued and the police were compelled to make wholesale arrests. At four o'clock 112 of the suffragettes and their supporters had been taken into custody.

Before the House of Lords had adjourned, 112 suffragettes and supporters had been jailed. After the women had exhausted themselves the arrests were made with monotonous regularity.

The women were a sorrowful spectacle when the battle was over. The dresses of many were torn. Hats, handbags and bits of feminine apparel and torn banners littered the ground.

city of both pleasant and sad recollections for him. When his mission was fulfilled, he called on old friends. He happened to arrive at a time when they were entertaining. Among the guests were Miss McKiernan.

Pate set to work right then to make sure of the tricks it had played. Probably it felt ashamed of the game in which it had been a prominent part. As the evening passed away, Hammel and Miss McKiernan were thrown together, apart from the other visitors.

They spoke of old college days and she learned from him somewhat of his life. The conversation was commonplace, until the Sheriff said: "I do not believe I know what your name is now."

## HUNDRED KILLED.

**Rioters in Fight in Puebla.**

**Woman Starts Trouble by Shooting the Chief of Police Dead.**

**Anarchists Throw Bomb Into Crowd of Officers in Mexican City.**

**Government Rushes Troops to Scene of Disorder by Special Train.**

[ASSOCIATED PRESS NIGHT REPORT.]  
MEXICO CITY, Nov. 18.—One hundred persons, including the Chief of Police, were killed in riots at Puebla today, according to statements of passengers arriving here tonight.

The stories told are that the trouble began this morning when several policemen, headed by the Chief, attempted to break up a meeting of anti-revolutionists being held in a large hall. As Chief of Police Miguel Cabero and his men advanced toward the building a door was opened by a woman, who shot the Chief dead.

A fight then began between the police and the occupants. A bomb was thrown from one of the windows in the midst of the policemen and rioters, the latter having been called to assist the officers. The bomb exploded, killing many.

**AMERICANS SAFE.**  
Other casualties occurred in the course of fighting which took place in the street. So far as is known there were no Americans killed.

The passengers further asserted that from midnight until this morning, Puebla in the afternoon there was continuous rioting, and while the anti-revolutionists had been disarmed from the buildings, there were no means as the situation was not under control.

It was officially stated here that eighteen men had been killed in Puebla.

**TROOPS UNDER FIRE.**  
A telegram from Puebla at 6:10 tonight said that at that moment the First Regiment of Federal troops had arrived, as had also a company of rurales. These, under the command of Gen. Luis Valles and Eduardo Casas, were being led against the house in which the rebels were fortified, and were attacking, shouting "long live the supreme government."

The Maderistas, as they have come to be known, were keeping up a hot fire from windows and balconies.

A feature of the fighting was the part played by women. The wife of Joseph Cardan, who killed the Chief of Police, was in turn, killed by the fire of the troops. Several other women who were in the house also were said to have appeared upon the balcony and taken part in the conflict.

When the place was captured, several women were among the dead and wounded.

A later dispatch says the house had been taken by troops and 100 rifles and a large quantity of ammunition had been captured. Order had been restored, said the message.

Enrique Creel, foreign secretary, at a late hour tonight, authorized the following statement: "I have had reports from the Government of all of the States, and can say positively there is no disturbance anywhere in the republic outside of Puebla."

**UPRISING NIPPED.**  
Details of the anti-Dias conspiracy, alleged to have been planned by Francisco I. Madero, now a fugitive from Mexico, came to light today, indicating that next Sunday was the date fixed for a general uprising.

The conspirators appeared to have extended their operations to the States of Vera Cruz, Hidalgo, Coahuila, San Luis Potosi, Nuevo Leon, Puebla, Jalisco, Guanajuato, Yucatan and Zacatecas.

To the authorities in these districts, orders have been sent to put down any disturbances.

Circulars which purport to have been sent out by Madero or his agents from San Antonio to persons in this city, outline his campaign and announce Madero as Constitutional President of Mexico.

Among other statements, is the following: "Francisco Madero, will place myself at the head of a revolutionary party against the government of Mexico. Between the 24th and 30th of November I shall lead my followers against the government of Mexico."

Of the men arrested here for complicity in the conspiracy one who gives his name as Cosio Robelo, carried a commission from Madero naming him as Governor of the State of Hidalgo.

**BORDER WATCHED.**  
[ASSOCIATED PRESS NIGHT REPORT.]  
LAREDO (Tex.), Nov. 18.—The presence of fifteen Mexican secret service men here shows the Diaz government is thoroughly alive to the danger of a border uprising, rumors of which have been rife for days.

Especially are the secret service men on the lookout for suspected revolutionist leaders who may cross the border into the United States, and for shipments of arms to Mexico.

## GREAT TEAMS CLASH TODAY.

### Yale and Harvard to Meet in Final Contest.

### Monster Crowd Expected to Witness Battle.

### Crimson Victory May Boost New Football.

(ASSOCIATED PRESS NIGHT REPORT.) NEW HAVEN (Ct.) Nov. 18.—The football team that wins here tomorrow will take its place as one of the great teams in the history of the sport.

If Yale wins it will have shown a resiliency, courage and ability that will mark the 1934 eleven as the luckiest fighting team the big school ever put out.

If Harvard wins it will only establish more firmly the reputation it has been making all season. The game has been solid in the fundamentals, alert and ingenious in offense and rigid in defense. If the form at New Haven tomorrow equals what has been shown in other games, and the win is decisive, the performance will be a tribute to Percy Haughton, the head coach, that must place him among the masters of the game and his team as one of the smoothest moving, resourceful and efficient of football machines.

Yale always plays its best game against Harvard. Whatever the team has done in the last season, it has done before this where Harvard ruled. Yale has been the favorite, and paid the big end of the money when time was called for the last half.

Against Dartmouth, Cornell and Brown this year, Harvard has never been forced to extend itself.

Yale, considered an indifferent third rate team until last Saturday, rose up then and defeated Princeton, an unfavorable betting odds of 2 to 1. Harvard is the favorite, as it logically should be.

**BIG CROWD EXPECTED.** From applications received for tickets, it seems probable that 100,000 persons will flock to the field tomorrow, if there are seats enough to hold them.

The game will have a strong influence on "new football." If Harvard should win, Coach Haughton and other "progressives" would gain added power in the councils to be held this winter to revise the rules. If Yale wins, its opposition to the forward pass, which it has accepted and with which she won at Princeton, would be correspondingly more powerful.

**NEW YORK EXCITED.** GOTHAM FOOTBALL MAD. (ASSOCIATED PRESS NIGHT REPORT.) NEW YORK, Nov. 18.—The biggest football crowd that ever stormed the Grand Central Station, will pack itself into twenty-three special trains to see the Yale and Harvard game tomorrow.

The Harvard Club has chartered two trains, and the Yale Club several special cars.

Many graduates of both colleges and their friends have engaged many other cars. Among them are J. P. Morgan, George W. Perkins, Harry Payne Whitney, Albert H. Gary, W. E. Cory and Ballard McCall.

Each train will be made up of twelve cars, and it is estimated that twenty-three trains will carry more than 20,000 passengers.

Many bets were registered here today, though many Yale men were somewhat prohibitive in demanding odds of 3 to 1. Among the largest bets was one of \$200 to \$500 on Harvard; \$250 to \$1000 that Yale would not score, and even money that Harvard would double any Yale score.

### EACH AFTER HONOR.

**POMONA TEAM CONFIDENT.** The Southern California football championship will be decided this afternoon, when the team from the University of Southern California will meet the eleven representing Pomona College on Alumni Field at Claremont.

Both schools have a clear record so far this season. The Pomona team has not been defeated in any of its games. The University has only succeeded in shutting out its opponents in three games of the seven which have been played. A special train with 500 rosters will accompany the varsity squad down to the sage brush gridiron and the huge expect to be an important factor in winning the game, as Coach

### SET BACK TRIMS SUCKERS AT OAKLAND RACES.

Finishes a Disgraceful Fourth in Feature Event, Fernando Taking His Turn at Winning—Sealiff and Nag Known as Planter in the Money—Two Boats Bid Up.

(ASSOCIATED PRESS NIGHT REPORT.) OAKLAND, Nov. 18.—The defeat of Set Back was the surprise of the sports at Emeryville today. On the strength of his fine showing last time out, there was a plunge of the non- of Ogdon to win the fourth event but he failed to cut any figure. Fernando led all the way, beating Sealiff and Planter.

Madeline Musgrave was bid up from \$200 to \$200 by Frank Dore and sold. E. L. Jones claimed Meltondale for \$600. The weather was fine but the track was slow owing to an early morning rain. Results:

Future City stakes (Pags) won, Ada Maude (Thomas) second, Billy Myer (Kirschbaum) third; time 1:13 4-5. No Quarter, Tillinghast, Darington, Sweden, Meltondale (Thomas) second, Cuvina (Garner) third; time 1:28. Sir Sanguis, Abella and Maxims also ran.

Mill: Nebraska Lass (Buxton) won, Royal Stone (Thomas) second, Cabin (Renson) third; time 1:44. Calla, Nebolous, Liberto and Netting also ran.

Six furlongs: Fernando (Battista) won, Sealiff (Archibald) second, Planter (Peters) third; time 1:14 1-4. Set Back, Phil Mohr and Roman Wing also ran.

Five and one-half furlongs: Set (Glas) won, Raleigh H. D. (Buxton) second, Carmichael (Garner) third; time 1:06 1-5. Dacia, Rocky Obrien, Shooting Spray, Fay Muir and Tee May finished as named.

## U. S. C. TOO STRONG.

### Freshman Basketball Team Has Little Trouble in Defeating Oxy in One-Sided Game.

The U. S. C. freshman basketball team overwhelmed the Occidental team in the University contest yesterday afternoon by a score of 47 to 11.

The game was hard fought and the one-sided score was due to the superior basket-shooting ability and individual starrng of the U. S. C. men.

The team work of the Highland Park was better than that of the Occidental but they seemed unable to locate the basket although they had nearly as many chances to score as the "varsity."

The game was the first of a series of three.

The lineup was:

U. S. C. Position Occidental  
Benson Forward Lawler  
Benson Center Clapp-Dunlap  
Gates Guard Robertson  
Shutt Guard McDonald  
Field goals: Hall, 2; Benson, 2; Gates, 1; Clapp, 1; Shutt, 1; Lawler, 1. Foul goals: Benson three in eight tries. Layover one in twelve tries.

### GOLDMAN BEATS GHETTO.

NEW YORK, Nov. 18.—[Exclusive Dispatch.] Young Goldman outlasted Kid Ghetto in their ten-round bout at the Lehigh Athletic Club tonight.

In the first round Goldman dropped Ghetto with a right to the stomach.

Ghetto claimed a foul. The blow was fair, however, but Ghetto was given a rest and continued the fight in the fifth round.

Goldman dropped Ghetto again with a right to the jaw. After that the fighting was fast and furious with Goldman having the better of it.

### THANKSGIVING-DAY GAME.

"Pat" Wheeler claims to have signed the Whittier College football team for Thanksgiving Day with an all-star team, to be picked from the players of the other Southern California colleges, to be played at the Whittier College grounds.

Four boys were hurried to the Claremont today to complete his eleven from the Pomona players.

**"DEMONSTRATION" LEADS TO RIOT.** STRIKING MESSENGERS CREATE PANIC IN THEATER.

Deliberately Cause Disturbance And Assault Officers Who Attempt To Quell It—Fierce Fight Ensnues Which Ends In Arrival of Patrolmen—Arrests Made.

The strike of the messenger boys and the encouragement they receive from certain quarters led to a riot about 8:15 o'clock at the Olympic theater last night. Officers were assaulted and beaten, women were thrown into panic, and it was only by hard work that Police Sergeant Jack Mart, sent out with a squad of officers from headquarters on a riot call, succeeded in restoring order.

**LOS ANGELES EXCHANGE.**

Market Not to be Compared With

**Earlier Days of the Week—California Midway.**

The market on the Los Angeles Stock Exchange yesterday was rather vacillating; in fact, it started off like a bad Friday, but in the afternoon the sky seemed to clear somewhat, prices improved and trading was better. In California Midway the stock showed a two-point gain over Thursday.

day's prices. Consolidated Midway was firm at former prices. Mexico common was somewhat stronger. Union had a bad break in the afternoon, selling down to 101½, strengthening a shade at the close.

The balance of the market was neither active nor of such a nature to determine anything one way or the other.

## NEWS AND BUSINESS.

**Where is His Mother?**  
 The Masonic Board of Relief of this city received a telegram from Needles stating that Hugh W. Fraser, a member of Needles Lodge, was killed last Thursday, and that his body would reach Los Angeles on train No. 8, last night. The board is asked to notify Fraser's mother, at No. 2300 West Third-street. Inquiry at that address fails to find the mother, and nobody in that neighborhood appeared to know her. Godeau & Martindale, undertakers, were directed to receive the body.

## GOOD DAY'S BUSINESS.

## MILLIONS IN PROPERTY DEEDS.

## HUGE TRANSACTION IN COUNTY RECORDER'S OFFICE.

Recent Transfer of Huntington and Southern Pacific Interests in Local Trolley Lines Calls for Four Documents and Total Up More Than Twenty Million Dollars.

With the recording of the transfers of property deeds representing a valuation of twenty millions of dollars and over the major and minor officials of the County Recorder's office were perhaps excusable in feeling that they had done a pretty good day's work Thursday.

It took exactly four deeds to total up to that which represented in a nutshell the part taken by H. E. Huntington in the recent gargantuan railroad swap whereby the Harriman interests acquired control of the Pacific Electric, and Huntington stepped into possession of the Empire share of the Los Angeles Railway Corporation, together with the comparatively minor details of the division of the Los Angeles & Redondo Railway between the two.  
 Only one of the four fell below seven figures in valuation and that by only \$40,000. The one-hundred-and-fifty-sixth deed recorded Thursday set a mark that will take some time, even in Los Angeles, for its successors to approach. By it, the railroad lines, rights of way, station grounds, etc., of the Los Angeles Railway Company were transferred bodily to the Los Angeles Railway Corporation, which will be under the personal control of Huntington. With private rights of way, and property on private ground except from the transfer, the deed had a declared valuation of \$14,500,000.

Deed No. 156 made over to Huntington the part of the Los Angeles & Redondo lines between Hawthorne and Los Angeles, at a valuation of \$300,000. No. 157 represented the transfer by the Pacific Electric and the Los Angeles Inter-urban Railway Company to H. E. Huntington of 22.83 miles of single track and 22.83 miles of double track line, all in the city; three lots in Forman's subdivision; all franchises hitherto granted the companies, and certain "personal property"—total valuation \$2,500,000.  
 By the fourth deed, No. 154, H. E. Huntington transfers to the Los Angeles Railway Corporation the two preceding, at a stated valuation of \$1,900,000. So that, in reality, there are but three transfers and all to the Los Angeles Railway Corporation, for a modest total valuation of \$20,450,000.

## CHARGED WITH DUTIES FRAUD.

Two New York Importers Are Arrested in Connection With Federal Invoice Investigation.

[ASSOCIATED PRESS NIGHT REPORT.]  
**NEW YORK, Nov. 18.**—Isaac and Manning Phillips, members of the firm of I. and M. Phillips, importers, at No. 18 West Eighteenth street, were arrested this afternoon, charged with defrauding the government out of duty on woolen wearing apparel imported from France by means of false consular invoices.

As the government is in possession of evidence concerning a number of alleged fraudulent importations by the firm, bail was fixed at \$10,000 for each prisoner. This was furnished. Assistant District Attorney Whitney who has charge of the prosecution, says the duties out of which the government has been defrauded will reach \$50,000.

## DEMONSTRATED TO A FINISH.

Speed Record for Wowing Is Nearly Broken.

Automobile Man Wins Bride In Premier Style.

How One "Butt-in" Reporter Helped Along.

This is a story of the psychological moment when Daniel Cupid, aided by an innocent newspaper scribe, touched a match to two smoldering hearts; and so, they beat as one, thanks to a marriage license clerk in Los Angeles and a minister in Indianapolis.

Yesterday a flash over the wire told of the marriage of Miss Fanchon Duncan, daughter of Mrs. C. M. Duncan, of No. 127 South Burlington avenue, and W. McKay White, an official of the Premier Automobile Company of Indianapolis.

A month ago W. McKay White of Indianapolis, a trusting young man, enthusiastic over automobiles, and connected in an official capacity with the Premier company, arrived in Los Angeles. He loved automobiles, and could talk about them twenty-four hours each day without rest. He scorned the fair sex—or seemed to. He boldly threw down the gauntlet to Cupid.

Out on South Burlington avenue a desire arose in the suddenly besotted Miss Fanchon Duncan to own an automobile.

It was necessary, of course, to have several demonstrations. This was pleasant work, but while one demonstration suffices in the majority of the different makes of automobiles, it transpired that after an initial ride in a Premier driven by W. McKay White several more trips were necessary.

The local agency secretly informed White that as soon as he wore out one machine they would give him another. He snorted out his opinion of their testing, and took another demonstration ride the next day with Miss Duncan.

Rumors arose—as they are wont—and White belligerently disclaimed any matrimonial tendencies. But then took another ride the next day.

Miss Duncan lost all decision as pertaining to choice of automobiles, and continued to take rides. White had been given one week from the home office as the length of his stay in Los Angeles. The week passed, and then the third week went by. Still White lingered and demonstrated his automobile to Miss Duncan.

Thursday of last week Mr. White and Miss Duncan had returned from a lengthy "demonstration" which had lasted the major part of the afternoon. They were resting in the parlor of Miss Duncan's home. White spoke of his approaching departure—as he had often spoken before. He never got farther than this. Then there was silence. They sat for a long time in the silence of the heavy variety. White sighed and wondered why he did so. Miss Duncan sensitively deplored her lack of decision.

During an unusually prolonged period of silence the telephone rang. White gallantly said he would answer it. This is the place where the innocent newspaper scribe enters into the plot. Miss Duncan was listening, looking out of the window, suddenly looking to take interest in the one-sided telephone conversation. Some one was evidently seeking information of a personal nature from White.

"No, indeed," said White into the transmitter, "I am not engaged. I am a little silence while he listened to the remarks over the wire.

"Yes, I know you are together often, but there is no truth in it," he said, hurriedly. "I have been demonstrating the car, that is all."

W. McKay White and His Bride, who was Miss Fanchon Duncan of this city. They were married in Indianapolis night before last. White is an official of an eastern automobile concern and demonstrated a car so successfully to Miss Duncan that she decided to ride with him always.

bag he triumphantly produced the marriage license which they had secured, and with a tragic air handed it over to Miss Duncan to keep as a sort of memento of their union.

The first of this week Miss Duncan, accompanied by her mother, left for Indianapolis where the marriage ceremony was performed.

While here White was a guest of Lewis Schwabe, the local Premier agent. He is popular in society, and is in close personal touch with the officials of the Automobile Association of America.

The bride is a petite young woman who has taken a prominent part in local social circles. She is a sister of Dr. Rex Duncan, assistant city health officer. She was educated at a smart eastern boarding school, and has been a daughter of Los Angeles for the past four years.

The Friday Morning Club building would not hold half the ladies who wanted to hear Charlotte Perkins Gilman speak yesterday morning and the party adjourned to the Emmanuel Free-church at Tenth and Figueroa streets. After more than 300 women had been seated, others occupied standing room in the aisles.

Mrs. Gilman said many things that were bright and sound about four of her bug-a-boos in the way of human progress, but the best thing of all were her remarks about education. In her opinion, the most idiotic method ever used is the process known as examination and it is her hope that in the next fifty years the intelligence of America will have outgrown this "idiotic" system.

She said that it was a stupid blunder to expect children to be able to tell to two or three days all that they have learned in three months of study. The trick of expressing something impressed on one is only a particular genius for which most persons have no aptitude at all, and if very seldom happens that a person who has this special knack is fit for something else.

It was also entirely unnatural to expect children to be capable of seven hours of strict attention a day when one grown person in ten thousand ever reached the state where they were capable of that many hours of strict devotion to definite subjects.

## TO SOUSE 'EM IN FIERY LAVA?

Shriners Will Have "Doings" Down in Crater.

Unique Ceremonial Arranged by Aloha Temple.

Many from This City Going on Hawaii Trip.

There is always something unique doing when the Shriners start on their annual jubilation; but invitations have just been received from Aloha, Territory, Honolulu for the greatest pilgrimage in the history of the Shrine.

The occasion will be the official visit of Imperial Potentate Fred A. Hines to the Aloha Shrine, in February. Word from Hawaii indicates that the local Shriners have completed all the arrangements for the main feature of this pilgrimage, which will be a unique ceremonial held in the very crater of the volcano, Kilaua.

THE ITINERARY. In the special invitation sent to all the Shriners in this city, Aloha has announced that the itinerary for the pilgrimage will be as follows: Leave San Francisco at noon, Wednesday, Feb. 16, 1911; arrive at Honolulu Tuesday morning, Feb. 21. On arrival the Shriners will be assigned to the different hotels and rooming houses. Reservations will be made by cable and everything will be ready upon arrival.

The steamer is due early in the morning. The remainder of that morning will be devoted to an informal reception and a "getting-acquainted" meeting with the Honolulu Shriners. That afternoon, at 2 o'clock a big parade will take place to be followed in the evening by the preliminary section of the Ceremonial Session, to be followed by the traditional banquet.

Wednesday, February 22, there will be a big floral parade for the like of which Honolulu is famous all over the world. There will be a day of sports with a carnival by the Elks in the evening.

At midnight the Shriners will again hold the Wilhelmina and set sail for Hilo.

IN A WARM PLACE. They will arrive at Hilo about noon, leaving at once for the Volcano House; thence down into the crater of Kilaua, where the Shriners and ladies will view the boiling lava, scorch postal cards, and give other life like imitations of tourists looking at a boiling volcano.

The concluding sections of the Ceremonial Session will be held on the floor of the crater "where," says the programme, "the victims will be placed in the hands of the Kahuna for sacrifice to Madam Pele, the Goddess of Fire, and may also have merry on their souls."

Friday, after lunch at the Volcano House, the Shriners will return to Hilo. Dinner will be served at the Hilo Hotel and there will be special festivities which have not been announced at that evening.

The Wilhelmina will set anchor for Honolulu at midnight. On Saturday, February 25, the steamer will return to Honolulu, arriving about noon. The balance of the day will be devoted to resting and shopping. In the evening, about 8 o'clock the nobles and their wives will be entertained at a luau and Hula (Hawaiian feast and dance).

Sunday, February 26, the Shriners will be taken on an automobile trip around the island and the evening will be devoted to private dinner parties and other entertainments.

Monday, February 27 will be a kind of go-as-you-please day with sight seeing trips, a visit to a sugar cane mill in operation, etc.

## THE PUBLIC SERVICE.

## SUMMARY OF THE DAY.

The lowest bidder for building the main sewer on Western avenue, yesterday, requested that he be released from signing the contract, as he had notice that certain property owners will resist payment of their assessments.

The Board of Public Works yesterday directed that bids be asked for the construction of the City Hall annex.

The opening of a street through the Los Feliz school grounds met with disfavor before the Board of Public Works.

E. W. Turner, whose wife is stated to be a member of the chorus of the Grand Opera Company, was sent to San Quentin Prison yesterday, by Judge Willis, for robbing the bath-house at Ocean Park.

The accounting of the estate of Harry Clifton Axtell, shows that he has enough to pay all of his debts, including an allowance of \$100 to his widow and \$10,000 to be distributed among his relatives.

Dr. H. B. Crocker was defendant in an action in Judge Harvey court, involving an alleged fraudulent land deal. The property is located in San Francisco and Sonoma county.

Joseph La Ciero, a flute player in the Venice Band, was released on his own recognizance yesterday by Judge Willis, until the 28th inst., when his application for probation will be decided. He attacked a man who was despoiling his home.

## AT THE CITY HALL.

**SHYING FROM SEWER TROUBLE.**

**LOWEST BIDDER ASKS TO BE RELEASED.**

Law to be interpreted by City Attorney—Bids to be asked for the annex—Board of Education Sustained in Objection to Cutting Los Feliz School Grounds.

An important question in connection with the construction of sewers was brought to the attention of the Board of Public Works yesterday by the filing of a request by E. W. Turner, lowest bidder for the building of the main sewer on Western avenue, that he be released from signing the contract.

He stated that he has received notice from the owners of 200 feet of frontage that they will resist payment of the assessments against their property by legal proceedings, in case the sewer is built, and the attorney at law, who is connected with the sewer, has advised him that this property is neither affected nor benefited by the sewer.

The letter was referred to the City Attorney for an opinion.

**CITY HALL ANNEX.**

**BIDS TO BE RECEIVED.**

The new City Hall Annex was pushed forward one step yesterday, when the Board of Public Works directed that bids be asked for its construction, to be opened on December 1st.

The estimate of the cost of the structure, which will be two stories high, is about \$250,000. It will occupy the present room where the north wing of the City Hall stands, and will be connected by two bridges, about 100 feet from the City Hall building on the north.

An amicable arrangement has been made with the owners of the City Hall building, by which they will pay \$50 a month to the city in consideration of having the four-foot space left between the two structures.

The entire lower floor of the new building will be occupied by the City Tax Collector, the Health Officer getting the rear portion. On the second floor, the street department will be given much-needed accommodations; also the Park Commission, the Harbor Attorney, the City Prosecutors' Attorney, and several other offices.

Bids will be received for the building, and also in connection with the plumbing, steam-fitting and electric wiring may be let by separate contracts, if it is found more economical.

**THE OTHER SIDE.**

**DON'T OBJECT TO COLLAPSE.**

The managers of the Coliseum, which is the motorcycle racetrack at Sixty-fourth and Main streets, have filed a petition in opposition to the one filed a few days ago by several hundred people, asking the City Council to close the place up.

The first petition declares the racetrack is a nuisance, while the one filed yesterday, which is signed by forty persons, says the opposite. Its wording is as follows:

"We do hereby petition your honorable body not to interfere with the motorcycle races on Sunday afternoons, as we are particularly interested in the direct vicinity of the Coliseum, and have no objection to these races in any form, and do not consider them in any way a nuisance to us."

Both these petitions will be presented to the Council at its meeting on Tuesday.

**PUBLIC WORKS BOARD.**

**LOS FELIZ SCHOOL GROUNDS.**

The petition for the opening of the Mountain View avenue through the Los Feliz school grounds, was turned down by the Board of Public Works yesterday with the information that satisfactory arrangements must be made with the Board of Education before they will consider the proposition to open the street.

The board also refused to permit the manning of the automobile show to place a banner across Fifth street, advertising the show, declaring that it is not a matter of public importance as they understand the term. Other requests have been refused in the past.

**WANTED IN SANTA BARBARA.**

Wilfred O. Reed, stated to have prominent family connections in Santa Barbara, was arrested yesterday afternoon in a snake conspiracy on South Main street by Detective Hawley and McKenna, on the charge of stealing a \$500 diamond ring from a hotel man in the northern city. A Santa Barbara officer will take him back today to answer to the charge.

## AT THE COURTHOUSE.

**FARM AND LOTS IN ONE TANGLE.**

**CASE OF MISREPRESENTATION IS CHARGE MADE.**

Plaintiffs Seek to Have Deal in San Francisco Property and Sonoma County Ranch Set Aside by Court on Ground of Fraud—Matter is Submitted.

One of the numerous actions involving alleged fraud in the sale or trade of real estate was on trial before Judge Harvey yesterday.

The plaintiffs in this case are William and Nana Mitchell and the defendants Dr. H. B. and Mrs. Inez Crocker. The land involved was lot No. 35 and part of lot No. 36, Labview tract, San Francisco, and sixty acres of land located in Sonoma county, and known as the Henderson farm.

The Mitchells owned the San Francisco property, Crocker the Sonoma county land, and the parties consummated a trade. Crocker said his sixty acres were worth \$1200, while the Mitchells asked \$700 for their lots.

The latter turned over their property, and paid \$600 in addition for the farming lands.

The plaintiffs alleged that it had been covered with fine timber over a large area, and that would be possible to cut 1500 cords of wood from the property. It was also represented to them, they testified, that the land was declared to be good for farming purposes, but that of these allegations were untrue, according to some of the testimony offered in behalf of the Mitchells.

Another charge was that Dr. Crocker had never delivered to them a proper deed, and that they asked for the contract be rescinded, and they be restored to the ownership of the San Francisco holdings.

On the part of Dr. Crocker it was shown that the deed or certificate accompanying the trade was simply sufficient to show the absolute ownership by the Mitchells of the land; it was also disputed that any false representations had been made as to the value of the land.

Mrs. Mitchell was a vigorous witness. Asked if it was not true that the value of the San Francisco lots had dropped lately, she looked at the attorney, and replied: "Stumped? What's that?"

"Has not the price dropped from what it was when you made the trade," was the rejoinder.

"Not a bit of it; it had gone up," she said, "you would read the paper." "There was no more cross-questioning along that line. The case was submitted.

**DEFENDS HIS HOME.**

**RELEASED ON RECOGNIZANCE.**

Judge Willis yesterday released Joseph La Ciero, a flute player in the Venice Band, on his own recognizance, to appear on the 28th inst., when an application for his probation will be heard.

The charge to which La Ciero pleaded guilty in Department Eleven was making an assault with a deadly weapon upon John Sordani, also a member of the Venice Band at one time, but who, it is understood, was discharged from the band because of his acquaintance with the facts leading up to the injury of Sordani.

Both men are natives of Italy. La Ciero has a wife and three children residing in Venice of America. The family of Sordani still remains in Italy.

From the evidence it seems that Sordani some months ago went to board at the home of La Ciero. During his residence there he managed to ingratiate himself into the good graces of Mrs. La Ciero, with the result that, as the woman says, they were criminally intimate.

The situation was explained to La Ciero by his wife, and an altercation ensued at the house, in which Sordani was punished. Later he visited the La Ciero house, having been told that the husband had gone to Los Angeles, and instead of Sordani, he found himself in the closet of the room and heard his alleged friend make an innocent proposal to his wife. Another fight ensued.

On October 4, La Ciero met Sordani on the streets of Venice, and the men got together again. La Ciero cutting the top of his head with a knife, and nearly severing an artery.

La Ciero was held in \$2000 bail by Justice Rennie, but this was reduced to \$1000 by the Superior Court. The degree of crime was also reduced from assault with intent to commit murder to the lesser one of assault with a deadly weapon, and it was to this that La Ciero pleaded guilty. It is understood that he will be released on probation because of the peculiar conditions surrounding the attack upon Sordani.

**AXTELL ESTATE.**

**MONEY FOR RELATIVES.**

When Attorney Harry Clifton Axtell died, about eighteen months ago, it was supposed that his affairs were so involved that there would be nothing for the relatives to whom he had made bequests amounting to \$4000, most of his property consisting in equities of uncertain value.

The report approved by Judge Rives, yesterday, filed by the executor, Zol E. Talbert, disclosed the fact that during the term covered by the account current was \$25,000 for Talbert, as an officer of the court, to account for. The expenditures were \$715.12, leaving \$24,284.88 in the hands of the executor for distribution.

Soon after the death of Axtell, his widow, Beulah V. Axtell, brought action against the executor, claiming a contract or agreement under the terms of which she was to have a monthly allowance, in lieu of any other claim on his estate, growing out of tangled domestic relations. Mrs. Axtell won her suit, and it was arranged that she should be paid \$10,000 in cash out of the assets of the estate, she to relinquish all other claims upon such payment. It appears from the account filed yesterday that she has secured the money.

Of the amount still remaining in the hands of the executor, \$10,000 in cash, and Alamo City Bay stock is appraised at about \$12,000. Axtell willed \$5000 to certain of his relatives, and the balance of the estate will descend to those not cared for by the specific bequests.

**HAS THE "NOZZLE HABIT."**

**OLD MAN ON PROBATION.**

P. H. Davey, 66 years old, was in Judge Willis' court, yesterday, on a charge of petty larceny with prior conviction. Davey, from the testimony, appears to have been a victim of the "nozzle habit," as on various occasions he had been arrested for stealing the nozzle of the lawn and garden hose, only to pay it for or drink in some irrigating establishment.

The court allowed the old man to go on two years' probation, but in the meantime he is to be taken to a sanatorium to be treated for the drink habit, after which he must go to the country and remain there.

William Hynes, who pleaded guilty to a charge of burglary, was allowed to go on two years' probation.

The application for probation by

Charles L. Lee, who pleaded guilty to burglary in the second degree, was denied by the court, and Lee was sentenced to Prison for two years.

E. J. Josslyn, pleaded not guilty to the charge of grand larceny and his trial was set for December 2.

Earl W. Johnson, charged with embezzlement, was given two years' probation.

Julia Lafayette Roberts, answered not guilty to the allegation of forgery, and she will have until December 22 to prepare her defense.

Clifford White pleaded not guilty to the charge of criminal assault and his trial was set for January 4.

Tom Johnson Dunn, charged with killing Oscar Urban Ruppel, on the night of October 23, surprised everybody by pleading guilty. He will be sentenced next Wednesday.

**BATH-HOUSE THIEF.**

**IS SENT TO SAN QUENTIN.**

In spite of appeals on behalf of E. W. Turner, Judge Willis yesterday sent the boy to San Quentin for two years, on a charge of burglarizing the bath-house at Ocean Park more than a year ago.

Turner was for several years employed as an elevator boy in one of the high-rise buildings, and just previous to his escape was married to a worthy young woman who is now earning her livelihood as a chorus girl in the chorus of the Grand Opera Company.

At the hearing of the case against Turner he was released on probation by Judge Willis for two years. He kept straight for awhile, but later went to San Francisco, where he burglarized a bath-house there, and was arrested. He was then returned here on the charge of violating the terms of his probation, and it was on the original charge of robbing the bath-house at Ocean Park that he was sentenced yesterday.

Turner is about 20 years of age, and seems to have a weakness for robbing bath-houses.

**COURTHOUSE NOTES.**

**BREVITIES MISCELLANEOUS.**

**VERDICT FOR PLAINTIFF.**

In Judge Rector's court yesterday the jury in the action brought by Charles Affleck against Philip Tracey, to recover \$10,000 alleged to be due on account of an accident, returned a verdict for the plaintiff, and awarded him \$7000 for Affleck. The plaintiff fell from a ladder, and it was alleged that it was unsafe and that Phillips knew it to be so.

**ELECTION EXPENSES.**

A statement made by Sidney A. Butler, clerk of the Board of Supervisors, in the Third district, was filed yesterday in the office of the Recorder. It shows that the successful candidate spent \$24,000, of which amount \$2000 was contributed to the Republican County Central Committee. There does not appear to be a rush of the candidates to file statements of their election expenses.

**INCORPORATIONS.**

Articles of incorporation were filed yesterday by the following: Gold Dredging Co., capital stock, \$200,000; Incorporated, E. K. Hays, T. A. Johnson, L. C. Haynes, J. C. Hays, and J. E. Kline; Ramona Commercial Club, Incorporated, J. C. De Mandel, Edward Green and F. A. Barlow; Fletcher Barter Gold Dredging Co., capital stock, \$100,000; Incorporated, F. J. Fischer, E. C. Cusack, F. C. S. Barlow, Charles W. Finney and T. C. Van Epps; subscribed, \$22,000; American Glass Sand Co., capital stock, \$100,000; Incorporated, E. B. De La Martini, W. Ballard, J. J. Lewis, Henry C. Brown and B. Gerlach, subscribed, \$10.

**SUICIDES ESTATE.**

A petition was filed in the Probate Court yesterday by F. L. Hadlock for appointment as administrator of the estate of Carl Leopold, the saloon man who committed suicide a few days ago. The estate is valued at \$2721.12, of which \$2721.12 is cash.

**ADJUDGED INSANE.**

Benjamin Sheppard, the colored man who ran amuck through the streets the other day causing considerable damage to persons and property, was adjudged insane yesterday by Judge Bordwell and the lunacy commission and ordered committed to Patton.

**BRUNNER DIVORCE.**

Judge Crow will come from Santa Barbara this morning to deliver his opinion in the divorce action brought by Louise Brunner against Herman Brunner, the lottery king of St. Louis. The amount of property in dispute is about \$200,000. During a series of years Brunner gave the wife his real estate holding in the trust for his benefit, and in the divorce action she seeks to establish the fact that the wife was about the wife and children live in Alhambra; the

husband has been staying at the Roslyn Hotel for some time.

**CASE OF HUDSPETH.**

Harry Hudspeth was before Judge Willis yesterday in the Juvenile Court on a charge of violation of his probation extended by the court when the boy was charged with taking an automobile joy ride in another man's machine. Hudspeth has had his name in some of the newspapers by reason of his efforts to marry Myrtle Gades, an alleged Wisconsin heiress, who has been sent back to Madison by her parents. Hudspeth was ordered yesterday to be sent to Whittier, where he will remain until he reaches his majority. He is now 17 years of age. He will not be taken to Whittier until Monday to give the authorities an opportunity to have an examination made of his mental condition.

**"SUFFRAGETTE."**

**HOLDS JOB, BUT LEAVES WIFE.**

**HUSBAND ARRESTED FOR LIVING AS A BACHELOR.**

Wife Thought He Had Gone to Bakersfield, But He Kept on Working as Usual and When She Found It Out Charged Him With a Felony. Judge Sets Him Free.

F. I. Copeland, who told Justice Baird that his wife had said she would rather go walking with the cat than with him, was yesterday released from a charge of having failed to provide for his spouse.

The evidence developed the fact that Mrs. Copeland's only cause for complaint was that her husband refused to live apart from her and not that he had neglected to supply her with the necessities of life.

The case is looked on by the magistrates as one of the many abuses of the statute which makes the failure on the part of a man to provide for his family punishable by imprisonment in the penitentiary.

Copeland asserted that his had not been a happy home for seven years. He said he was tired of domestic infelicity and made up his mind that he would set up bachelor apartments.

He announced to his wife one morning that he had procured employment in Bakersfield and bade her good-by. Instead of leaving the city, he reported as usual for work at the Union Iron Works. He rented a room and set up his separate quarters in the opposite end of the city from where his wife lived.

He might have continued to enjoy himself as a single man, if his wife had not announced to her friends that he had gone to the northern city to work. One of them met him on the street and informed her of the fact. Copeland then learned that his wife was in the city.

In a few hours he was taken into custody, his wife having sworn to a complaint charging him with having overlooked his legal duty to provide her with food and board.

Justice Baird yesterday made diligent inquiry to find out if she had been neglected. He learned that Copeland had left her \$10 and that the rest was paid to the 28th inst.

"Judge, I've been working for seven years and this is the only suit of clothes I've got," the prisoner declared, exhibiting his threadbare garments. "I had no intention of deserting my wife. I expected to send her money enough for her to live on, but I wanted to get away where it was quiet. She would rather go out walking with the cat than with me."

"You are not compelled to live with her if you do not wish to," the justice told him. "But you must support her. The charge against you is dismissed as there is no showing that you permitted her to suffer for want of things to wear or eat and you have proved that you provided her a place to live."

Copeland commented that he would go home and try his life over again, but that he had his doubts as to whether he would stay there very long.

**FRUSTRATED LONE BANDIT.**

**DEADWOOD (S. D.) NOV. 12.**

Deaunsted in a bold attempt to hold up the First National Bank of this city, single-handed and in broad daylight, Thomas Deaven, who says he is an ex-convict in the United States army, formerly stationed at Fort Niobrara, Neb., is in jail here. Deaven entered the bank during business hours, with a revolver, covered the cashier with a revolver and demanded as much as \$10,000. The cashier ducked and got under the counter. Deaven, firing a fraction of second too late, sent a bullet into the wall. The would-be bandit was overpowered by bystanders while trying to fight his way to an automobile which he had waiting for him outside the bank.

# NEW LUNA WILL OPEN TODAY.

## BIG PARK WILL INAUGURATE ITS NEW REGIME.

Emma Newkirk and Schilzky's Hungarian Band, With Japanese Village, "Tokio," Stellar Features. Other Attractions Under Way and Seen to be Completed.

Luna Park, which at Washington and Main streets has been going through a process of rejuvenation and reconstruction for the past two months, will throw open its gates today, and hereafter, during all day and half the evening, the park will never be closed. The management avers that its scheme of new amusements is by no means completed, but that a sufficient number of new things will be found in the park this morning to repay attendance by anyone interested in outdoor recreation.

"We are not finished," said Manager Sargent last night, "and we never will be. I wish you would tell the public

Miss Emma Newkirk, Diver and swimmer who challenges the world, and who is the star feature at the new Luna Park, which will open today.

that our process of rehabilitation will be continuous. We shall always be on the lookout for new things, and shall continually supplement that which seems a new hit old with innovations which will be genuine innovations to Los Angeles."

Those who go out to the park today will see a very great change in the place. All along the Main street side a large force of men is hurrying to completion the monster J. D. Thompson concrete railway, said to be, with one exception, the largest of its kind in the world. The lawn and trees have been rejuvenated, the aviary has been moved and renovated, the zoo is remodeled and supplied with new groups of animals, a new miniature railway has been built outside the grounds, the monstrous circular swing is again in full working order, there is a huge "carnoulesse" and a giant human roulette wheel, and carpenters are finishing still another hilarious sensation, "The Merry Widow Waltz" trolley.

The stellar attractions to be presented twice today, and every day hereafter, are Emma Newkirk, in her sensational diving and swimming act, and Niklaus Schilzky's big Hungarian band, an aggregation of bizarre-costumed and unusually competent musicians.

Miss Newkirk, who will be remembered as the winner of Physical Culture's big contest for the world's most perfect woman, claims the swimming championship by default. She says that, as a woman athlete of international renown, her challenge to Annette Kellerman should have had some recognition—which they did not receive from the pretty but crafty vaudevillean. She says she will meet all comers at any time and place. Special appliances for Miss Newkirk's performance have been erected in Luna Park. The German band will be a surprise to lovers of good music here. The German band we have ever with us, and the Italian band seems of the same endurance, but a Hungarian band, with its paprika-flavored music, is something new.

The Japanese village, "Tokio," is a spectacle of absorbing interest to those who love to watch the plying of Oriental crafts.

Luna Theater, now an integral part of the Hyman vaudeville circuit, is being rapidly put in shape for opening. A force of 100 uniformed attendants and a large restaurant will be found to attend to the comforts of patrons, but those who have drinking to do will have to do it elsewhere, as no alcoholic liquors will be allowed on the grounds.

### THE OFFICIAL COUNT.

Canvass Shows No Change in the Totals in Justice of the Peace and Constables.

The totals for Justice of the Peace and constables in thirty-two townships outside of Los Angeles city were reached yesterday by the Board of Supervisors and their assistant clerks, who are canvassing the vote cast at the recent election.

The official figures for Justice of the Peace in Pasadena township are:

Henry H. Klamroth, 230; Robert W. McDonald, 298. For constable in the same township, the vote was: Walter C. Austin, 709; H. F. Newell, 366. In Long Beach township the official vote for Justice of the Peace was: W. S. Brayton, 219; S. H. Underwood, 242. For constable in the same township the vote was: George E. Austin, 157; W. Hawkins, 242. There was no change in the list of successful candidates for constable and Justice of the Peace in any of the townships tallied yesterday, as compared with the unofficial returns. There were many delays in the present canvassing on the large number of names written in on the ballot and the different manner of spelling adopted.

### PLAN MID-PACIFIC CARNIVAL IN ISLAND TERRITORY.

From Atlantic to Cayman All Countries to be Represented at Proposed Travel Congress in Honolulu, Hawaii—May Be Special Steamer From This Port for Trips.

Hawaii is to have a Mid-Pacific or Pan-Pacific Carnival. The purpose as outlined is to form an association representing the Philippines, Japan, China, Java, Siam, Burma, Ceylon, the Australian States, Tasmania, New Zealand, Fiji and others of the South Sea Islands, as well as Hawaii.

The purpose is outlined in a letter received by T. C. Peck, general passenger agent of the Salt Lake railroad, yesterday, from H. P. Wood, secretary of the Hawaii Promotion Committee. This committee represents the territory of Hawaii, the Honolulu Chamber of Commerce and the Merchants Association of Honolulu.

Mr. Wood outlines the work of the association in boosting Hawaii as a tourist resort, a place for homes, and as "the strategic center of the Pacific." The committee has been in existence seven years.

"Travel to Hawaii," says Mr. Wood, "is increasing steadily, not during the winter season alone, but throughout every month in the year. The coming winter will see a combination of some of our more recent efforts in the shape of at least four and possibly five large excursions from the Pacific Coast, one of 250 people from Seattle, 200 from Portland, 150 from San Francisco, and 150 from Boston by way of San Francisco. Los Angeles is also planning to send an excursion of 200 people if a suitable steamer can be secured."

"Besides these the regular steamship lines report heavy bookings from San Francisco for the winter months. We expect to have three of the excursions in Honolulu at the time of our annual floral parade, which will be held February 22, 1912. The attendance at this parade has shown a decided increase every year since it was started."

"We are developing a plan for using this midwinter celebration to advertise California and other parts of the Pacific as well as Hawaii. Hundreds of well-to-do tourists are in Honolulu at this time of year who might be induced to visit California. Part of this plan is the development of our floral parade celebration into a Mid-Pacific or Pan-Pacific Carnival. An association is to be formed including the Philippines, Japan, other Far East countries, the Australian States, and others of the South Sea Islands, as well as Hawaii. We hope to develop this into a world-wide attraction."

## FATHER'S DEATH PRECEDES SON'S.

### ELDER CRIPPEN PRAYS ORDEAL BE SPARED HIM.

Broken by Misfortune and Dealt Mortal Wound by Ignominious Arrest of the Doctor, Now in English Prison Awaiting Hangman, Old Man Welcomes Dissolution.

Amid woe without a blood relative to smooth his fevered brow, and with the agonizing picture of his only son awaiting the hangman's noose in an English prison, Myron A. Crippen, aged 74, father of Dr. H. H. Crippen, convicted murderer of his wife, Mrs. Belle Crippen, passed away yesterday morning at the home of Mrs. L. W. Frank, No. 26 South Flower street. The old man had been in feeble health for a long time prior to his death, but worry over his son's impending fate hastened his end. He had formerly been very wealthy, but lost all by unfortunate investments. For several years prior to locating in Los Angeles, Mr. Crippen sold medical books on the streets of New York. The same men whom he charged with mulcting him of his hard earned money were his patrons. During the last six months Mr. Crippen had been forced to subsist entirely on charity. Educated and cultured, he was profuse in his thanks to all who aided him, and endeavored in his feeble way to return the many favors. Mrs. Frank was especially kind, providing shelter and sustenance for the old man until death ended his sufferings.

The remains have been taken in charge by the Connell Undertaking Company, and an effort is being made to raise sufficient funds to provide a fitting burial. When the jury returned the verdict of guilty against Dr. Hawley Crippen a few weeks ago, his death was fixed for November 3. It was later reset for next Wednesday.

It had been the father's earnest prayer that he be allowed to die before his son suffered an ignominious death, and his prayer was granted. This last shame was spared him.

### Funeral Services Over the Remains of Charles Amadon Moody Yesterday Largely Attended.

The hundreds of persons who attended the funeral services of the late Charles Amadon Moody at the undertaking parlors of Reynolds & Van Noy in Pasadena yesterday afternoon testified by their presence to the high esteem in which he was held.

Rev. Matt S. Hughes and Reynold E. Blight conducted the services. The floral offerings were many and beautiful.

Mr. Moody had been a member of the University Club, the Severance Club, and the Bohemian Club in San Francisco. His brightness and his social qualities made him a leader in many delightful circles. His experience as an editor had developed the versatile qualities of a fine mind, while his deep study of geology and his love of trees and plant life gave him character exceptional symmetry.

In business he was daring and speculative. In the four years preceding 1892 he made a fortune of more than half a million dollars in handling and owning real estate in Denver, but the panic of that year swept it all away.

Then he came to California. When he was the writer of reviews for the Our West Magazine, he made a reputation in all the magazine world through the quality of his work. By it he undermined his health, because he did all of his writing and most of his reading after 10 o'clock at night.

### Wife in San Diego Has Husband Arrested When He Comes to Los Angeles.

A surprise was given F. D. Stagg, formerly proprietor of a small hotel in San Diego, early yesterday morning, when his "welcome to our city" upon his arrival at the Santa Fe depot, was presented by Detective McCann, who informed him he was under arrest.

"The h— you say," was all the startled Stagg uttered. After that he refused to talk.

According to advices from San Diego, Stagg deserted his wife and child Wednesday night. Before going it is stated that Stagg disposed of his property and divided the proceeds with his wife. He informed her that he was going to leave her and go out into the world to start life anew.

Mrs. Stagg evidently believed that the start that had been made by them several years ago was sufficiently encouraging to continue, for she obtained a warrant for her husband's arrest, and they learned that Stagg had taken the train for Los Angeles.

## STARTS AS A JOKE.

Workman Resents Prank of Italians Who Then Attack Him and Lynching Prevented.

Iron moulder employed at the plant of the Union Tool Company, Mateo and Palmdale streets, was engaged in an unprovoked and brutal assault on one of their number by three Italian workmen yesterday.

According to the officer, the Italian, Sam Borhe, O. Gasperini, and Louis Zaroni, attempted to force the American workman to work for them.

As Schiltz fell the foreigners jeered at him, he threatened them with bodily injury if they attempted to repeat the trick.

The Italians, it is alleged, attacked Schiltz, beating him severely. Borhe, Zaroni, and Gasperini, then, taking advantage of the situation, rushed at him.

Other workmen, hearing the cry of the wounded man, rushed at the Italians. Patrolman Williams, attracted by the uproar, reached the scene as they were closing in upon the foreigners, crying "Strive 'em up!"

He managed to get them out of a rear door and into the company office. Later the three Italians were taken to the City Jail.

Schiltz was removed to the Receiving Hospital, and was later able to go to his home. No charge will be filed against Borhe, Gasperini, or Zaroni until the extent of Schiltz's injuries is learned.

## LODGE OF SORROW.

Preparations Elaborate for Annual Ceremony by the Elks, But Details Are Secret.

Elaborate preparations are being made by the Elks for the annual Lodge of Sorrow of Los Angeles B. P. O. E. Mr. Pyle promises one of his wonderful spiritual effects that so many of the local Elks and their friends have witnessed for years.

The official order of exercises includes splendid musical selections by well-known artists. The oration will be delivered by Frank G. Tyrrell and the eulogy by M. J. McCarthy.

Dr. W. A. Woods will pronounce the invocation. The Fidelity Manner Choir will be in attendance.

Tickets for the exercises may be had from members of the local lodge of Elks, or an application to M. J. Conway, the secretary.

## TO HELP THE CHILDREN.

Legislators and Juvenile Improvement Association in Conference.

Several members of the incoming State Legislature will be at a special meeting of the Juvenile Improvement Association at 3:30 this afternoon in the Chamber of Commerce building.

Laws that are badly needed for the benefit of unfortunate children are discussed.

Mrs. Oliver C. Bryant will talk on the influence of moving pictures upon children.

Prof. George L. Leslie of the Los Angeles public schools will speak of the need for medical supervision of school children.

Prof. Leslie has been making several years' study of the problem of juvenile crime, and has made some extraordinary discoveries.

Superior Judge Willis, who has traveled all over the United States this year investigating problems of juvenile crime, will give the result of his observations.

Judge Willis advocates the establishment of a juvenile reformatory school to spare young children from contact with older juvenile criminals at the Whittier State School.

Mrs. J. B. Millard will present to the legislators the plan for scholarships for young children. The State compulsory education law requires children to go to school between the ages of 6 and 14; but fail to keep them in bread and butter while they are in school.

A scholarship fund for the benefit of poor children is at present maintained by the women's clubs of this city.

New officers will be elected for the coming year.

E. J. Lickley is now president; Bishop Conaty, vice-president; C. C. Danmond, treasurer; Mrs. Anna Binswanger, secretary.

## PREPARE FOR CITRUS FAIR.

EXTENSIVE PREPARATIONS ARE MADE AT VISALIA.

Tulare County Exhibit Will Be Held Early Next Month—Concrete Plume For Mill Creek Is Nearing Completion—Twenty More Blocks To Be Paved.

(Special Correspondence of The Times.)  
VISALIA, Nov. 16.—Extensive preparations are now under way for the fifth annual Tulare County Citrus Fair, to be held here from December 5 to 19. Previous fairs have been held at Porterville, Lindsay, Exeter and Dinuba. The one this year promises to be the most successful yet held in this county. It is certain that more citrus sections will be represented than ever before and the exhibits generally will be larger and the fruit of even better quality than in the past. The fair has already been well advertised and a record breaking attendance is expected. There will be ample accommodations in Visalia for all who attend.

While, as the name implies, citrus exhibits will be the chief feature of the fair, the exposition will be also largely the nature of a general agricultural display. The fair will be held under the auspices of the Visalia Board of Trade.

The \$30,000 concrete flume for Mill Creek, a stream that flows through Visalia, in process of construction for several weeks, is nearing completion. It will protect Visalia from floods in the future such as have occurred several times in the past.

The Warwick Street Paving Company has moved its paving plant here. It has the contract for paving upward of twenty blocks with asphalt. A number of blocks of pavement were put down by this concern in Visalia last month.

The new \$50,000 High School building, which the people recently voted bonds, is now under construction and satisfactory progress is being made. The building will be ready for occupancy early in the spring. When completed the present High School building will be utilized as a grammar school, making three primary schools in the city. A few years ago one building served all school purposes in Visalia.

Mrs. Marco Hellman of Los Angeles is visiting her father, Leo Levi, and her uncle and aunt, Mr. and Mrs. D. Levi. The Levi brothers are prominent merchants in Visalia, and have large property interests in Tulare county.

## CHILD KILLED.

SKULL IS CRUSHED.

(Special Correspondence of The Times.)  
PORTERVILLE, Nov. 15.—Robin, the 2-year-old son of Mr. and Mrs. Peter Adelsbach, of 219 B street, was instantly killed this morning when a heavy wagon bed fell upon his head, crushing his skull.

Adelsbach is engaged in trucking and a few days ago unloaded a heavy oak rack from a truck, leaving it propped up from the ground at an acute angle, to facilitate its reloading. The child, running about at play, stepped the prop away and the rack fell upon him, crushing his head into the hard oak.

Mrs. Adelsbach had a curious premonition of the horrible accident. For several days she had wandered about her home, haunted by the thought of something horrible was about to happen to a member of her family. She is in a critical condition from the shock.

Charles Castle, full-back of the Union High School Rugby team, suffered a contusion of his skull last evening at the regular game with the Tule squad, when he collided with a fellow player. He was taken to a local hospital and placed under the care of surgeons.

That Rugby is a quiet, lad-like name is not borne out by the experience of the Porterville team this year, four of the best players of the team being laid up as the result of hurts received either in contests or in practice.

**TAGGART TURNS FARMER.**  
H. G. Taggart, formerly of New Hampshire, in the second man to engage in dairying and hog raising on a large scale in the Poplar country, and by purchases which were completed yesterday, is now in possession of 400 acres of fine farm land. He has also let the contracts for the largest irrigation system in the Poplar country, his lands to be irrigated by means of an extensive series of concrete conduits.

The water supply of the Poplar and Woodville sections has been established beyond question, and the Taggart place is to be supplied by two wells, each of which will develop 125 inches of water. All doubts as to the abundance of the water supply in the Poplar and Woodville alfalfa sections were put at rest this week by tests of wells which have been brought in on the lands of the Porterville Alfalfa Company, the members of which are developing and now bottling under intensive culture a tract of 1000 acres.

The wells averaged 120 feet in depth were tested out. The logs of these show that in the distance stated they penetrated from eight to twelve separate strata of water. The wells are all of ten inches in diameter, the first one tested showing 125 inches of water level resulted. The second one showed 120 inches, and the third one 120 inches. According to the hydraulic engineers who have planned the irrigation of the big tracts no

## CORCORAN HOPEFUL.

FACTORY MAY BE REOPENED.

(Special Correspondence of The Times.)  
CORCORAN, Nov. 15.—The sugar plant of the Pacific Sugar Company, which has been idle for the past year, may be reopened this fall.

Donald Barker, E. C. Bates, Daniel Finn and E. E. Bush, directors of the old company, and largely interested in the original exploitation of the beet fields in this section, were here today considering correspondence relative to the rehabilitation of the old company and also offers from eastern concerns as to taking over the plant.

Although nothing definite was given out, it is not denied that a new corporation is forming, to be called the Corcoran Sugar Company, to be financed by an eastern syndicate.

## DRESS ON FIRE.

CHILD IS SERIOUSLY BURNED.

(Special Correspondence of The Times.)  
TULARE, Nov. 15.—Narrowly escaping death, and as it was, seriously burned and in a critical condition, Marcelle Matthews, the 4-year-old daughter of Mr. and Mrs. E. B. Matthews, is at a local hospital as a result of a fire which caught her dress as she was at play in the kitchen of her home yesterday afternoon.

Mrs. Matthews was in the front portion of the house and was horrified when her daughter came running into the room, screaming with terror and pain, flames enveloping the little girl's entire body. At the pain of being seriously burned herself, Mrs. Matthews extinguished the fire with her bare hands, and the child was rushed from her farm home, three miles to the city, for medical attention.

## THROWS REVELERS OUT.

HOTEL MAN ACTS PROMPTLY.

(Special Correspondence of The Times.)  
LINDSAY, Nov. 15.—J. D. Cunningham, proprietor of a local hotel, over 60 years of age, broke several ruffians in his hand last night when he engaged in a personal encounter with two revelers who had engaged rooms at his hostelry and then made night hideous for the other guests in the house.

Cunningham first remonstrated with the condition of the two young men when they registered for their rooms, their names were not made out from the register nor have they been learned since. Aroused in the midst of the night by sounds of howling, Mr. Cunningham first remonstrated with the roomers, and when this was of no avail drove in the door to the room with his shoulder. He felt one of the men with a blow of his fist, breaking his hand as he did so. Then, in spite of his advanced age and his painful injury, he threw both his

## OUT FOR PRIZE.

ALTA GROWERS BUST.

(Special Correspondence of The Times.)  
DINUBA, Nov. 17.—Although living in the youngest of the citrus districts of the State, the Alta growers are making great preparations to carry away from Visalia the first prize for oranges and lemons this year given at the Tulare County Citrus Fair.

Alta growers are anxious to show a curiosity in the Alta district and now many hundreds of acres of fruit are coming into bearing.

Although the Alta fruit does not ripen quite as quickly as does the fruit of Success and Upper Tule, the fruit crops considerably ahead of that of Antelope and Centerville and contain much more sugar for the same time of year. The Alta people have appropriated \$500 to be used for their display this year and will not only endeavor to get the first prize for district displays but several growers are now caring for fruit for individual displays.

## SMALL MAN WINS.

GETS REEDLEY OFFICE.

(Special Correspondence of The Times.)  
FRESNO, Nov. 15.—The distinction of being the smallest man to run for office in Fresno county is awarded to O. R. Lyon of Reedley, who yesterday filed his statement of election expenses. Lyon spent \$11 for postage in sending out cards for himself as a candidate for justice of the peace, to which position he was elected. Lyon is not small because of spending only \$11, but because he is only four feet high. In spite of his physical limitations, he is proprietor of the Reedley Ledger, a real estate dealer, and a politician of some note.

The City of Fresno is about to go into the business of raising alfalfa to feed its stock. A plot of 115 acres in the 1800-acre-aver farm is being planted to alfalfa by Superintendent Wulf, and the profits from the hay are counted on to materially add to the value of the tract to the city. A peach orchard and a sugarcane grove are also features of the place, which is located eight miles southeast of the city.

Another angry protest was filed with the Board of Supervisors today signed by several scores of residents in the south part of the county, against the granting of three saloon licenses in the town of Laton, on the Kings River, on the south boundary of Fresno county. It is a thriving town in a region which has largely gone dry through the formation of small municipal corporations.

FRANK G. CARPENTER's letter in The Times Magazine the coming Sunday will tell about the German government's snubbing the Holy Land. It's a story full of interest.
